M0ebius Great variant, he has worked very hard on. The first two sheets contain a card set count and a pivot table showing the count for different item types based upon sets (since some characters need specific cards to activate their special ability).Anything in red indicates that I do not own the item, so had to source the information from the Internet.If you have information for some of the missing items, please let me know and I can update the information.The following "corrections" are present in the spreadsheet, so won't match the cards:Bones level 3 - Card has "Firebreath", but changed to match his level 1 & 2 ability nameDemoness Captain text says "Ranged Attack", but shows Melee Symbol. (at the end of the line after all others have shifted.)"Pg 12 - Reworded many Brimstone Card explanations to buff their effectsPg 16 - Reworked Leash. Battle royale rules can be found here: ... Bows got an upgrade, Amulet of Retribution got a downgrade, Battle Cry got a downgrade, Cleave got a downgrade. By: wolfthatwonders Battle Royal player aid..pdf (65 KB) Slight changes. Below are some we screwed up.Guard reactions: we attacked heroes with monsters close to us and didn't do the reaction.Jamon: this pet shoves but we read it as move. Set it as "Melee Attack""Retrieve" misspelled on Inferno quest "Retrive an Angel Feather""Resurrect" misspelled on various cards as "Ressurect" Sep 14, 2018 1 , 2 , 3 , 4 Next » We have tried it for 3 players and it works well. Otherwise, player could be too tempted to just wait the return.Regarding the monsters I've limited the spawn tokens to two, in order to make them less relevant in the 2nd part of the game. In addition, if some native english speaker wanted to proofread it, I will appreciate. He might not play again.Page 2 26 comments Log in or Register to download files. Actually, spike or the owner of the amulet of retribution could be more powerful. Jan 31, 2020 battle royale 2.14.pdf (7.71 MB) latest version! I've played it again and enjoyed. So I decided to not let him using his power, and instead use any other power from another hero.To keep consistency, I've also created specific advantages from the titles obtained in the inner circle.I would appreciate if you have comments and ideas to improve it to let me know. So we started playing Arcadia quest Inferno and it seems we messed up a lot of rules(which is normal). 1 , 2 , 3 , 4 Next » Arcadia Quest:: Battle Royale score sheet By: Alwin Arcadia Quest:: Arcadia Quest Deluxe By: wolfejo Arcadia Quest Deluxe.pdf (44 KB) This is a compilation of variants for Arcadia Quest, whether playing in Campaign or Episodic Mode. Also respawned villains (once before realizing)Objective tokens: had no active heroes loot them once when someone respawned on it. Should have shuffled it back with the others thinking of it instead of putting it back.Some general things I feel that are a bit too strong ATM: rerolls(and Miau by extension),Jamon, characters that ignore defense (eg Blossom).Do you really get access to you whole reroll pool for attacks and defense? Además, los arqueros trasgos ahora ignoran las habilidades especiales de los héroes.Como bonus, se añade una variante para seleccionar al vencedor (inspirada por propuestas en este foro, que luego también han sido incorporadas en AQ Inferno). Second, in the return, a big battle for the ring. To promote the race for the ring, I granted nice advantages for the owner of the ring. Oct 27, 2020 AQ Monster Turn Cards.pdf (38 KB) This is the file for the print-and-play Monster Turn Cards. 2 players changes in blue text. Now I offer this scenario as an alternative. Clean-up blank lines. Dec 22, 2020 Final scenario The death row 2.1.pdf (729 KB) Just a minor change from previous version: Goblin's in the tower are inmnune to special heroes abilities (and not only wisp's ability, as in previous version) Apr 4, 2019 Final scenario The death row 2.0.pdf (575 KB) HI, this is an updated version of the scenario. Not sure how it will work for 4 or with players with a different gaming style. It now reads "Close Enemy Minions lose their Natural Ability."Pg 17 - Added Pet Pack 1&2.Pg 18-19 - Added AQ RIDERS! Oct 25, 2015 Final scenario The death row.pdf (576 KB) Hi, please find attached an alternative final scenario for Arcadia Quest. Apr 10, 2014 Player turn GB-FR.pdf (392 KB) Condensed player turn of Arcadia Quest in French and English. Also using rerolls on items you are not attacking with is strong.Overall I love the game but it fell flat with one person in the group who : got terrible rolls(harpy did 6 damage on the second mission), got attacked by the strongest guild while in objectively the worst state overall (and dealing with Jamon/Maiu since that player has both), and also was money starved both rounds before dropping for the night(though he shopped well and got fancy blade,cloven hoof necklace, and a chakram). I feel like Jamon and Miau are way stronger than other pets.Damnation: missed the line that says it clears between scenarios. This was the worst.Titles:Constantly forgot about them.Respawning: did it right as the track filled up instead of at the end of the persons turn. I made this for (M0ebius) Battle Royale mode only because my players need some more guidance to remember the new rules. Posiblemente funcione con la mayoría de los otros, pero a lo mejor algún poder de mover un héroe amigo o enemigo a gran distancia puede distorsionarlo. We have a campaign that has done 2 missions and one that did 3missions. Nov 4, 2018 Arcadia Quest:: Drafting Cards Core + BtG By: Teowulff Core+BtG.png (6.33 MB) Rated by the comunity: drafting cards with ratings for each hero. Most of the variants are small tweaks to game play. Otherwise the game could became a little boring with the corridor full of mines.Due to the nature of the scenario, Wisp would have overpowered. What rules did you guys mess up when you started playing? Also someone looted one with a monster on the token before I could say don't. So the idea was not just that you can win the game with a good dice roll.The scenario is divided in 2 parts: First, in the trip out, a race to be the first who takes the ring. There are also a couple print and play card add-ons that change up the board and monster interactions. As a side note, is this pet basically a better Newton since you can shove yourself with him? Disfrutad y ya me contareis Apr 4, 2019 Escenario final El corredor de la muerte v1.1.pdf (665 KB) Hola:Adjunto la version en español del escenario final alternativo "el corredor de la muerte". Incluye escenario de 6 jugadores. Please, let me know how it works for you and if you have any sugestion on how to improve it (and say thank you if you like it).BestSome notes about the scenario:I've tried to have a scenario in which you will have a fight with the final boss, but in which you will end with a nice slaughter among the heroes. Los personajes compran mejoras durante la partida y los monstruos suben de nivel.
